

Dedication. Motivation. Determination. Passion.

Does Your Horse Soak His Supper?

It's true...many horses do in fact dunk their hay in the water bucket, much like we dunk our cookies in milk. But why?

There are many reasons why horses may do this and other "bizarre" routines. For this reason we are offering monthly education sessions to help answer these, as well as other types of horse related questions.

Do you board your horse? Do you own a horse? Do you take lessons? Are you the parent of a child that rides? Have you always wanted to learn about horses?

If you answered YES to any of these questions, then you are eligible to enroll!
